The purpose of creating the Dissertation Council at KBTU for the educational program "Mathematical and Computer Modeling" is to provide an opportunity for doctoral students of the Scientific and Educational Center for Mathematics and Cybernetics, as well as doctoral students from other universities to defend their dissertations in the direction of MCM. In 2021, 5 doctoral students graduated from the Scientific and Educational Center for Mathematics and Cybernetics of KBTU, but for technical reasons (the publication of his article in a ranking journal was delayed) and due to the pandemic, many postponed the defense until 2022. We also expect the defense of doctoral students from previous years to be in 2022. Therefore, during the reporting

period, no dissertations were submitted to the Dissertation Council for discussion. In this regard, the Dissertation Council did not hold meetings on issues of acceptance for defense and defense.
